PROFILE

Full Stack JavaScript Developer with 3+ years building scalable, enterprise web applications using the MERN stack. Cum Laude graduate from FAST NUCES with strengths in React.js, Node.js, PostgreSQL, and AWS. Experienced partnering with global clients to translate business needs into reliable features in Agile teams. AWS Certified Cloud Practitioner with hands-on experience in microservices, complex data modeling, and performance optimization, plus secure integrations with QuickBooks, DocuSign, and Keycloak.

WORK EXPERIENCE

Software Developer

June 2024 – Present

Code District – Lahore, Pakistan

Core developer on Barrett Values Centre, a global SaaS platform serving 2,500+ consultants across 80+ countries and supporting 6,000+ organizations worldwide.

- Partnered with global stakeholders to gather requirements and deliver solutions that improved enterprise workflows and reporting
- Built 20+ responsive React.js/Ant Design components and an advanced filtering system with 15+ dynamic criteria
- Owned report generation workflows, optimizing PostgreSQL queries with CTEs and multi-table joins across 10+ tables
- Developed Node.js/Express services and integrations with QuickBooks, DocuSign, and Keycloak for secure enterprise flows
- Implemented admin impersonation with audit logging, reinforcing security and architectural standards
- Automated scheduled notifications via cron jobs and contributed to documentation and code reviews

Software Developer Intern

June 2023 – May 2024

Techloyce – Lahore, Pakistan

- Integrated QuickBooks API with Monday.com to automate workflow sync and reduce manual operations
- Built secure authentication with Node.js and JWT, including RBAC and session management
- Delivered REST API integrations across third-party services to improve client productivity
- Improved performance and stability through code reviews, debugging, and targeted fixes

CERTIFICATIONS & AWARDS

- AWS Certified Cloud Practitioner Certification (CLF-C02) – Amazon Web Services
- ChatGPT Prompt Engineering for Developers – DeepLearning.AI (2025)
- Building Systems with ChatGPT API – DeepLearning.AI (2025)
- LangChain Academy – LangChain (2025)
- React 18 for Beginners – Code with Mosh (2024)
- Dean's List of Honor (Fall 2020 – Spring 2024)
- Silver Medalist in FAST NUCES(Spring 2022)

TECHNICAL SKILLS

Languages & Frameworks:	JavaScript, TypeScript, Node.js, Express.js, NestJS, React.js, Redux
Frontend Technologies:	React.js, Next.js, HTML, CSS, Bootstrap, Ant Design, Chakra UI, Redux Toolkit
Backend & Databases:	PostgreSQL, MongoDB, MySQL, Redis, Hasura, Firebase
Cloud & DevOps:	AWS (EC2, RDS, S3, CodeDeploy, CodeArtifact), CI/CD, Jenkins, Docker
Tools & Practices:	Git, GitHub, Bitbucket, GitFlow, Jira, Postman, VS Code, Agile/Scrum, Microservices
API Integrations:	QuickBooks API, DocuSign, Keycloak, Monday.com, OAuth, JWT
AI & Emerging Tech:	ChatGPT API, LangChain, TensorFlow, Keras, OpenCV

KEY PROJECTS

ConnectXpert – Enterprise Communication Platform

React.js, Node.js, MySQL, WebRTC, Socket.io

Built a real-time communication platform with video/audio calling, screen sharing, and group calls using WebRTC. Added AI features for auto-transcription, meeting summaries, and chat grouping. Designed scalable architecture to support live reactions and compliance tracking.

TaskNest – RESTful Task Management API

NestJS, TypeScript, PostgreSQL, TypeORM, JWT

Developed a modular REST API with JWT authentication, TypeORM integration, and role-based guards. Built task categorization, assignment workflows, and priority management with full CRUD operations and clean architecture practices.

GameHub – Game Discovery Platform

React.js, TypeScript, RAWG API, Chakra UI

Built a responsive game discovery platform with reusable components and RAWG API integration. Implemented advanced search, filtering by genre/platform, ratings, and performance optimizations for a smooth UX.

EDUCATION

Bachelor of Science in Software Engineering

FAST National University of Computer and Emerging Sciences (NUCES) – Lahore, Pakistan

Graduated 2024 | CGPA: 3.63 | Cum Laude Graduate | Dean's List of Honor (Fall 2020 – Spring 2024)
